

Course Name

Travel and Driver Training

Course Overview

Travel and Driver Training course is designed to prepare participants for the various risks and challenges faced with driving in insecure environments. The course develops a structured approach to traveling in these regions and includes training in vehicle assessment/check list, pre-departure planning, route planning and off-road driving.

Course Objectives

At the end of the training the driver should be able to –

- ✓ Perform all pre-driving checks.
- ✓ Drive the vehicle safely, lawfully, and correctly whilst interacting with other traffic.
- ✓ Keep a safe space on all sides of the vehicle in all traffic conditions.
- ✓ Observe, recognise, and correctly respond to all potential and actual hazards, and use the most effective hazard approach procedure.
- ✓ Communicate correctly and appropriately with other road users.
- ✓ Drive the vehicle economically and at a speed commensurate with the condition of the load, road, traffic, and environmental conditions.
- ✓ Give an appropriate commentary whilst driving.
- ✓ Manoeuvre safely and efficiently in a restricted space.

Who Should Attend

To train company driving employees how to drive a motor vehicle safely, legally, and correctly, to ensure the safety of the driver and occupants, the safety of other road users, the safety of the vehicle, safety of nearby property, and safety of the environment.

Course Duration

2 days
